EXTENT OF THE LAW.

Dee Grace Is Held Over For
Grand Jury Action—A
Bad Negro.

Ed Reeves Tried For Petty Lar-
ceny—Other Cases in the
Police Court.

Dee Grace will not have his lib-
erty for many a long day. Grace
is "black and sassy," and was
charged jointly in the police court
this morning with maliciously as-
saulting Mr. Evan Johnson, of the
Wm. Clarke Tobacco works, on
North Fifth street. Charles Rice,
colored, was charged with a breach
of the peace.

The evidence showed that Mat and
Dee Grace seized Mr. Johnson on
the street and held his arms, Dee
Grace striking him with his fist and
Mat Grace cutting him two or three
times in the back with his knife. Mr.
Johnson jerked loose and ran, gain-
ing some advantage in distance while
the negroes stopped to pick up rocks.
He reached the stemmy, with his as-
sailants in close pursuit, by dodging
in an alley. They then began to
throw bricks through the front door
and windows.

Grace candidly admitted that he
and his brother assaulted Mr. John-
son, saying that they heard he was
going after the police, and for this
reason attacked him. He also ad-
mitted that he threw a rock through
the window.

In the malicious assault case he
was held to answer in the sum of
\$500, and for throwing the rocks was
given the full extent of the law, \$100
and fifteen days in jail.

Rice proved that he had nothing to
do with either case, and was ac-
quitted.

Thomas Carter, a colored tramp,
was arrested last night on suspicion,
and a pistol was found concealed on
his person. He was fined \$25 and
given ten days in jail.

Sol Glass and J. A. Payton were
arrested late yesterday afternoon
with a woman of questionable char-
acter in a wagon with them, she oc-
cupying a seat on one's lap. They
were fined \$5 and costs each.

Ed Reese, colored, charged with
stealing corn from Mr. G. T. Jacobs,
of the county, was partially tried.
The evidence shows beyond a doubt
that Reese is guilty, but was left
open for further testimony until to-
morrow morning.

Maj. John M. Burke a Philbuster.
Tampa, Fla., March 9.—Maj. Jno.
M. Burke has left Tampa with a party
of Cubans, bound for Cuba, the
whole making one of the boldest ex-
peditions ever sent out from the
United States.

Maj. Burke is well known by all
American citizens, having been con-
nected with Buffalo Bill's Wild West
show for years. He came here two
weeks ago and said he wanted to
procure a lot of Cubans for an insur-
gent company for the show.

The party when formed proceeded
to Port Tampa and took passage os-
tensibly for Key West on the steamer
Olivette.

It is not known here what the Key
West arrangements are, but there
are good reasons to believe that a
boat not heretofore in the filibuster-
ing business has been engaged for
the trip to Cuba.

WAITING FOR THE VERDICT.

The Report of the Court of In-
quiry Expected to Be Made
Public Friday or
Saturday.

England May Turn Over Her Warships to the
United States in Case We Go
to War With the Span-
ish Nation.

CUBA MUST BE FREED.

Though the President Would
Like to Accomplish it
Without a Resort to
War.

WAR PREPARATIONS CONTINUE.

Seamen, Marines and Militia Re-
cruited Today With Greater
Rush Than Any Day
Before.

RUMORED REPORT OF THE NAVAL BOARD.

Washington, March 10.—The ad-
ministration is watching today for
the report of the Naval Court of Inquiry.
That report is expected to be made
public this week without fail.

There is no doubt but that Presi-
dent McKinley has definitely made
up his mind to free Cuba. Though
it is no secret that he would be glad
to attain this result without a resort
to a war with Spain.

It is rumored here today that the
Naval Board of Inquiry has decided
upon its secret and is that the Maine
was blown up by Spanish treachery.
It is also said that a recent report
of its verdict has been sent to the pres-
ident today, though this rumor lacks
confirmation.

A motion was made today in the
English House of Commons that
England tender the United States her
warships in case of a war with Spain.
The war preparations are being
rushed today with greater rapidity
than at any time before. Seamen,
warriors, and militia are being re-
cruited as fast as possible.

It is still considered here that war
is inevitable; that the president will
make demands upon Spain that she
will not grant, and that the interven-
tion in behalf of Cuba which is sure
to take place will force Spain into
war, or to back down completely and
acquiesce in all our demands.

Washington, March 10.—Presi-
dent McKinley will tonight take
charge of four big steamships of the
American Line. They will be fitted
up for war service and commanders
put in charge of them to be ready for
any emergency. This action is re-
garded as conclusive that the Presi-
dent sees that war is inevitable.

Washington, March 10.—The sen-
ate passed the \$50,000,000 de-
fense bill without any debate.
The yeas and nays were taken on
the passage of the bill, but there was
not a dissenting vote. All pairs were
broken and those present voted in
the affirmative. Seventy-six senators
voted for the bill.

Partisanship gave way to patri-
otism in the senate when the \$50,000,
000 defense bill was reported for
passage, and it was quickly deter-
mined to outdo the house in prompt
action. While some senators had
manifested a disposition to delay ac-
tion until more light on the Cuban
situation had been placed before the
senate by the President, when the
test came, they wisely withheld their
objections and agreed to act with the
majority for the national defense.

Perhaps never before in the history
of the country has there been such
unanimity of purpose as has been
shown by the American congress in
this emergency.

EUROPEAN WAR CLOUDS.

Russia Evidently Getting Ready For
a War of Her Own.

New York, March 10.—European
cables state that Russia has just ne-
gotiated a war loan of 80,000,000
rubles (\$64,000,000). This is taken
as an evidence that Russia is prepar-
ing for war with Japan. The Euro-

pean situation today is regarded as
very serious.

Colson For War.

Washington, March 10.—Con-
gressman Colson, of the Eleventh
Kentucky district, says if war is de-
clared he will resign and organize a
regiment in the mountains of Ken-
tucky.

A Torpedo Did It.

Trenton, N. J., March 10.—Arthur
Buchanan, private secretary to Con-
gressman Gardner, announces this:
"I am in possession of a letter
from Havana, which is corroborated
by one in the hands of a leading
member of congress, who is very near
to the President, in which my cor-
responding vouches for the following
startling news:
"The Maine was blown up by a
balloon-shaped Whitehead torpedo. She
was anchored over a Whitehead
balloon-torpedo, and as the tide fell
she settled and exploded the torpedo.
This was the plan of the Weylerites,
who controlled her anchorage. A
piece of the torpedo was found at the
bottom of the Maine."

MORE VETEOES.

The Governor Expresses His
Disapproval of Several
Bills.

Frankfort, March 10.—Governor
Bradley today vetoed the Goebel
Election Commission bill, the Asso-
ciated Press bill and the Eighth Con-
gressional District gerrymander
bills. It is thought that all three
will be passed over the vetoes.

Later:—The house has passed the
Associated Press bill over the veto.
This bill compels the Associated
Press to furnish its service to all pa-
pers desiring it alike and on the same
terms.

In the senate there is a most lively
debate on the Goebel bill. It will
undoubtedly be passed over the veto.
3:10 p. m.—The Goebel bill passed
in the senate over the veto.

COUNCIL CAUCUS

Middleborough Small Pox.
Washington, March 10.—Efforts
will be made to get the marine hos-
pital to take charge of the Middle-
borough (Ky.) small pox cases.

Will Be Held a Week From Tomorrow.

A Candidate For Tax Collector
Will Be Selected.

The council last night decided to
hold a secret caucus Friday evening,
March 18th, a week from tomorrow,
instead of tomorrow, as stated in the
Register, to nominate a candidate for
tax collector. The caucus will vir-
tually elect the tax collector, a posi-
tion now eagerly sought.

The candidates at present are:
Messrs. George Robertson, Fendol
Burnett, Ed Ware, Ed Ashbrook,
Joe Yeiser, H. F. Lyon and J. Henry
Smith.

There will likely be other candi-
dates, but it is thought that the race
will be between Messrs. George Rob-
ertson and Fendol Burnett, both of
whom were leaders in the late munici-
pal democratic campaign. Mr.

Robertson's brother, Dr. J. D. Rob-
ertson, is a councilman, and this may
give him a strong support.
Councilman Smith's ordinance, the
substance of which is given else-
where, is believed to be a good as
well as original one, providing for
small fees while the money comes in
fast, and larger fees as the collec-
tions become fewer and more diffi-
cult.

Today two additional candidates
were made known, Mr. Sam B. Cald-
well and Capt. Wm. Kraus, who will
no doubt form strong factors in the
fight, as will Prof. Lyon and Mr. Joe
Yeiser.

George Ward Struck By a Train
Yesterday.

The Victim Died of His Injuries
Last Night.

George Ward, an aged negro who
occupied a shanty near the Tennessee
street crossing of the Illinois Cen-
tral, is the name of the man men-
tioned in yesterday's Sun as having
been struck by a train at Tennessee
street.

Ward is deaf, and was walking
along with his head down when the
train struck him and threw him into
a ditch, breaking his right arm and
painfully bruising and cutting him.
He was picked up and carried to the
home of Tom Young, on Plunkett
hill, and City Physician Rivers
dressed his wounds.

Ward was internally injured, and
owing to his age was too weak to
stand the shock. He died at 9
o'clock last night, and the remains
were buried today.

Ward is the old man whose shanty
was looted by tramps a week or two
ago.

GRAVES COUNTY TRAGEDY.

An Orphan Girl Shot and Killed
By Her Playmate.
She Loaded the
Pistol.

The Boy Did Not Know It Was
Loaded, and Shot Her Un-
intentionally Between
the Eyes.

A terrible fate overtook little Be-
da Norman, an orphan girl aged
eleven years, in Graves county about
five miles from Fulton, yesterday
afternoon. She was shot between
the eyes by an old pistol in which she
had playfully placed a cartridge, and
died soon afterwards.

The orphan girl had been making
her home with the mother of Cecil
Williams, 18 years old. She was
raised there, and she and the boy
were playmates and companions.
Yesterday afternoon the family left
the two children alone at home, and
while at play the girl slipped the car-
tridge in the old pistol, unobserved,
and when the boy innocently snapped
it at her, it was discharged, the ball
penetrating her forehead.

The boy frantically went for help,
but nothing could be done for the
dying victim. She expired in a short
time.

There was great sorrow in the
neighborhood where the tragedy oc-
curred.

MR. CARNEY'S CONDITION.

According to Latest Reports Re-
ceived This Afternoon,
is Worse.

Reports from Mayfield this morn-
ing in regard to Mr. Carney's con-
dition, were that he was very low, and
while he had no fever, his pulse was
very weak.

At 3 o'clock this afternoon a re-
port was received from Mayfield that
he was much worse than this morn-
ing.

HALF FARE RATES.

The Illinois Central Enters Into A
New Agreement With the City.

The Illinois Central railroad com-
pany has agreed to furnish the city
with half-fare rates to all points on
its various divisions in charity cases,
upon written application of the
mayor.

Under the old plan, tickets were
sold for half fare only to Memphis
and a short distance up the road, but
the present agreement is a great im-
provement, and will save the city con-
siderable money.

Extract of an editorial taken from the Western Review of Commerce, published at
Chicago, Ill., dated November 19 last:

A Compliment to Paducah...

When we recommend an article or prod-
uct it is accepted without question that we
have thoroughly satisfied ourselves, by
severe tests, of its value and worth, and
that it is all that it may claim to be. The
foregoing is sufficient to illustrate our pos-
ition, and to justify what we may say when
we make specific recommendation and
extend our editorial commendations to the
Brook Hill Garrard county, Kentucky, whiskey, distilled by Friedman, Keiler & Co., of
Paducah, Ky. Both dealers and consumers can rely upon the character of the products of
this firm, both in general and in particular, and we have no hesitancy in recommending them
to our readers. Although we have no personal interest in the matter whatsoever, we believe
in the policy, "merit to whom merit is due." In the light of too frequent adulterations and
preparations of liquors, it behooves every one to scrutinize every brand, but, from the lack of
proper facilities, such precautions are often neglected. To supply such want we have caused
to be made close and critical examination and a searching chemical analysis, with the inten-
tion of printing the same, whether favorable or otherwise. The result, however, leaves us
but one thing to do, and that is to state, regarding the Brook Hill Whiskey, that purer or
better liquor has never been placed upon the market, and we recommend same to our readers
in unqualified terms and advise them to place an order, at least for a trial, as their product is
recommended by physicians as an aid to digestion, and is placed on our list of pure and
wholesome food supplies.

The Brook Hill Whiskey is also bottled
in bond, under the direct supervision of the
United States internal revenue department,
which is a guarantee of its absolute purity,
age and excellence. Sold by all the leading
drug stores, saloons and club rooms.
